Women Involved in Rural Electrification (WIRE) is a community-outreach arm of Mid-Carolina Electric Cooperative (MCEC). With three chapters in the MCEC service area, we have approximately 100 active members. Our goal is to help improve the lives of those in the communities where we serve. We have raised over \$140,000 for breast cancer patients during the past 17 years. This money is given to Becky's Place to be used for women who cannot afford prostheses or wigs after their cancer treatment(s).
